- Since we did not have more candidates than what the vacant positions were, we have made a Resolution 26-3 to cancel the election this year.

**Motion:**

Traci Colbeck made a motion to accept Resolution 26-3 to cancel the Board election for 2026; Roger Munson seconded, none opposed, motion carried.

**Maintenance**

- Richard, all I've got is, I'm going to start servicing the mowers, I have a couple more trees to trim, and a little more patching, that's about it.

## Mayors Report

- Did everybody get a chance to look at the two quotes we got for signs? One of them was \$435.00 and the other one was \$2,120.00. If you read them, they're both made of the same material and the same size.

### Motion:

Traci Colbeck made a motion to go with J & S Contractors Supply for \$435.00; Roger Munson seconded; none opposed, motion carried.

- Did everybody get a chance to read the letter sent by an anonymous resident? We really can't do anything about it, but it was sent to us Board Members.
  - **Dale:** My biggest thing is that is between the Town and the People. **Roger:** It's nobody else's business.

## Board of Trustees

- **Traci Colbeck**

- I got a quote for the bounce house and the water slide. They put an extra one on here, not sure why. \$1,550.00 is the cost, they'll have extra people here and maintaining I, setting up, filling it up and tearing it down. It'll be in the same place as in previous years. That's all I have other than GMS will be using Kelly Bean's scale to weigh their dirt and stuff.

### Motion:

Roger Munson made a motion for the \$1,550.00 for the Bounce House for Harvest Fest, Bailey Nail seconded, none opposed, motion carried.

- **Jaime Anchondo**

- Just wanting to know where we sit as far as the Railroad Crossing.
  - Kayson Oler, Native Sun: From what I know we have the license but not the permit, whatever that means. Colby GMS: Dealing with the Railroad, is not easy to deal with.

- **Dale Jones**

- I talked to John at the pot shop and they're not going to pay for the whole band. I talked to TJ and he said he would cover the rest. I haven't talked to Missy at all to see exactly what they're going to pay.
  - Traci: They usually do \$1,000.00 each.
  - Dale: That's what they did last year, John did \$1,100.00 last year and then they did \$1,000.00 so I'm assuming it's going to be \$1,000.00, I haven't talked to Missy about that yet. John's going to call Missy. I think they gave \$1,000.00 to the Fire Department.

## New Business

- **Under Sheriff Scott Bretell:** I just wanted to start the conversation with you guys. If some kind of contract may be possible with the Town to provide ordinance issues with you. I don't know what that would look like right now. There are three entities I'm approaching, that's here, Ovid and the school to see what kind of partnership could be there. I'm still waiting for feedback and you're the last one to talk to. Just seeing if that's something you're interested in. **Danny:** We had a contract way back and the County Commissioners kiboshed it and tried to do it a couple more times to reinstate it. As far as I'm concerned, I'm interested, but we're going to have a new Mayor and Town Board Members coming next month. **Scott:** I mean even a designated deputy possibly coming

in. As far as cost right now just estimating around \$100,000 a year. **Dale:** Let's say you issue the tickets here then the Sedgwick County Courthouse is the one that collects all the fees, right? **Scott:** If a municipal ticket would be issued here it would be handled with your Town Judge. **Traci:** We would have to hire a Town Judge. **John Fryar:** In Ovid it costs less than \$1,000.00 a year, because I am the Judge for Ovid and Julesburg. **Traci:** John, if we asked Darrin for his services, is that a conflict of interest since he is the Commissioner for Sedgwick or is it possible that he could do something? **John:** There is a lot of latitude there, experience would be the thing you would most consider. I can give you some perspective for Ovid and Julesburg, basically, we are driven by their request, the deputies are not driving up and down the streets looking for violations, that's the agreement. **Scott:** Anything traffic related we would still be on. Typically, on the municipal side, we are not out looking for violations. If you have a noise ordinance, it would take a complaint from someone else for us to respond. We'll see what you all decide, thank you for your time.

### Old Business

- **GMS Colby/Native Sun Kayson Updates:** We're working on the liner in cell 3. The wind doesn't help. We'll be using sandbags for cell#3 for the liner, then ballasts to make it permanent. We got the lift station vault set, pumps are out till April 10<sup>th</sup> to ship overseas from Sweden, after April 10<sup>th</sup> it's a minimum of 4 weeks. Trying to get everything else done and come back and do the pumps. The bio-solids, there is 4 times more than originally anticipated. 113 loads at 54,000lbs each. We're waiting on pumps, structures from precast people and waiting on Railroad permits. **Jaime:** Where are we at for fencing up at cell 3? **Kayson:** I don't know where that stands with us. GMS has not gotten with us about it yet. **Danny:** We've got guys waiting to do it, we just can't do anything till we get the money from this other loan. **Colby:** This is my first presentation, so bear with me. GMS invoice #14 for \$43,527.62 is being requested for payment and Native Sun is requesting their 4<sup>th</sup> payout for February thru March of 2026 of \$651,596.10.

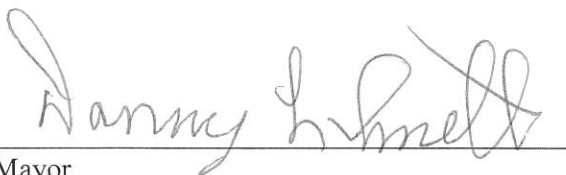

#### Motion:
